THE HOLLY SONG.

Blow, blow, thou winter wind,
Thou art not so unkind
As man's ingratitude;
Thy tooth is not so keen,
Because thou art not seen,
Although thy breath be rude.
Heigh-ho! sing heigh-ho! unto the green holly:
Most frienships is feigning, most loving mere folly;
Then heigh-ho! the holly!
This life is most jolly.

Freeze, freeze, thou bitter sky,
Thou dost not bite so nigh
As benefits forgot;
Though thou the waters warp,
Thy sting is not so sharp
As friend remember'd not.
Heigh-ho! sing heigh-ho! unto the green holly
Most friendships is feigning, most loving mere folly;
Then heigh-ho! the holly!
This life is most jolly.

The river has been kept alive for the past several days with towboats going down with coal and returning with empties.

Everything points to a lively business this season with the packets. They are prepared to carry and take good care of all the people that desire to travel on them.

Two of the coke cars that were recently sunk in the Allegheny river by the towboat Bob Connell have floated down the river, and one of them is in the vicinity of Brunot's Island in the Ohio. Rivermen say that the car has been rolling along with the current and notice has been sentout warning steamboatmen to be on the lookout for it, as it would mean destruction to a boat to strike it.

The following is a list of the towboats owned by the big Pittsburgh coal combination: John A. Wood, Jim Wood, Dave Wood, Tom Lysle, Joe B. Williams, Defender, Raymond Horner, George Shiras, Charles Jutte, W. G. The last named is in course of construction; will have compound engines and be one of the largest and most powerful towboats ever built. In addition to the above the combine owns thousands of coal boats, barges and fuel flats, and is building more.

Deafness Cannot Be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Question Answered.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers and grandmothers never thought of using anything else for Indigestion or Biliousness. Doctors were scarce, and they seldom heard of Appendicitis, Nervous Prostration or Heart Failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. For sale by J. C. Pecoe.

ONE interesting fact which the Popocratic National Convention and Committee can present to the public in a retrospect of the four years since Mr. BRYAN's nomination is the latest data with reference to the condition of our Treasury. In the Convention and campaign of 1896, Popocrats insisted that we must have "more money," and that the only way to get this was through the free and unlimited coinage of silver. The people rejected free and unlimited coinage of silver, but they have obtained "more money," and that of the very best sort. When Mr. BRYAN was nominated in July, 1896, the amount of gold and gold certificates in circulation was $498,000,000; on February 1st, 1900, it was $804,000,000, while the total money in circulation on July 1st, 1896, was $1,509,000,000, and on February 1st, 1900, it was $2,003,000,000. Thus we have added $500,000,000 to our money in circulation, and over $300,000,000 of it in gold, without the free and unlimited coinage of silver. No Nation in the world has made the increase in its money in circulation since 1896 that the United States has. Yet Mr. BRYAN has just been prancing through the East telling the people that Free-silver must form an important feature of the campaign of his Democratic party in 1900.

IT seems that some rather interesting politics are being played at the Capitol these days. For the first time in over six years the Senate of the United States has a clear Republican majority. It was natural to suppose therefore that a reorganization would be an early duty of the Republican members, the Senate being in no manner a Civil Service body, and that the Democrats, who held the majority of the offices, would be replaced by Republicans. The offices of Secretary and Sergeant-at-Arms are important and high-salaried positions and carry with them a number of other good offices ranging from $2,500 per annum down. These places are now filled by good loyal Democrats, some of them of the Free-silver stripe, and ultra partisan.

It transpires, however, that there is a number, quite a number of prominent Republican Senators—and the publication of their names would come as a considerable surprise to their constituents—who think that, in view of the "efficiency" of the present Democratic officials, it would be the best course to do away with any reorganization. It matters not that when the Democrats came into power in 1893, they made, within thirty days, as shown by the official printed report of the Secretary of the Senate, practically a "clean sweep" of Republicans and that a very large proportion of these men were old soldiers, one-legged or one armed, who had been given positions as messengers and door-keepers because of their disabilities incurred in fighting for the Union.

Just what is the object of these Republican Senators who desire the retention of Free-silver Democratic officials it is difficult to understand, but they are hearing from day to day, in no uncertain tones, what their supporters at home think of such action.

EDUCATION NEGLECTED.

A Ten-Year-Old Girl Unable to Testify in a Murder Trial on Account of Her Ignorance.

Glasgow, Ky., March 10.—George Door is on trial here, charged with the murder of Joe Jeems. The defendant several months ago returned to his home unexpectedly and discovered Jeems sitting in his wife's lap. The husband secured an ax, it is alleged, and, after sharpening it, cut off Jeems' head.

Hattie Door, the prisoner's 10-year-old daughter, was interviewed on behalf of the commonwealth. She did not know the meaning of God or Hevil, and said she had never been in church or Sunday school. As she was entirely ignorant of the meaning of an oath, she could not testify.

The sympathy is with Door and the only proof against him is his statement to officers at the time of his arrest.

STALLED IN A TUNNEL.

An Old Engineer Saved Several People From Perishing From Suffocation By Smoke and Gas.

Somerset, Ky., March 10.—A freight train, double header, south-bound, on the Cincinnati Southern road, became stalled in King's Mountain tunnel, and several men were badly suffocated by the smoke and gas. One of the men, named Saunders, traveling with a dog and pony show, died after being brought to the hospital here. His body will be shipped to Bloomington, Ind., his home.

One of the showmen, an old engineer, crawled forward to the second engine, and, finding the engineer prostrated, took hold of the throttle, and pulled the train out of the tunnel, saving the lives of the balance of the crew and showmen.

His Name Is Hollins.

Louisville, Ky., March 10.—The first name of Whittaker, held without bond on the charge of killing William Goebel, has been determined. Kentucky Girl Weds.

Paducah, Ky., March 10.—Mr. Ed. Woolfolk and Miss Ada B. Patterson were married in St. Louis. The marriage was a surprise. Miss Patterson is a milliner and left a day or two ago for St. Louis. The groom is a wealthy business man, being superintendent of the Paducah Furniture Manufacturing Co.

Labor men say that it can be brought about readily by a conference of a joint committee of workmen and contractors, composed of a representative of each trade.

Our Gunboats at Havana.

Havana, March 10.—The United States armored cruiser New York, flagship of Rear Adm. Farquhar, commander-in-chief of the North Atlantic squadron, arrived here, followed shortly by the gunboat Machias. The battle ship Texas and the cruiser Detroit are expected within the next 24 hours.

DIVIDE KENTUCKY?

Other States Have Evils Far Worse Than Our Own.

Dracutic Advocate.

Mangle her form and scatter the remnants into Ohio, Indiana, Illinois and Tennessee!

Ohio, whose coat of arms is a picture of pretzels rampant and "hot weenie" pendent and a country which the Lord Himself separated from us by a river a mile too wide to swim and too deep to ford?

Illinois, where men make sausage out of their wives and a state whose proudest production is the Chicago drainage canal?

Tennessee, where they have yellow fever one-half the year and chills and fever the other half?

Indiana, a state where votes and hoop poles run about neck and neck in the market reports?

Let Kentucky play second fiddle to these?

Yes, when the freight trains pull the locomotive, when the procession leads the brass band and the elephant is no longer to be found in the menagerie.

Does It Pay To Buy Cheap?

A cheap remedy for coughs and colds is all right but you want something that will relieve and cure the more severe and dangerous results of throat and lung troubles. What shall you do? Go to a warmer and more regular climate? Yes, if possible; if not possible for you, then in either case take the only remedy that has been introduced in all civilized countries with success in severe throat and lung troubles, "Boschee's German Syrup." It not only heals and stimulates the tissues to destroy the germ disease, but allays inflammation, causes easy expectoration, gives a good night's rest, and cures the patient. Try one bottle. Recommended many years by all druggists in the world. For sale by J. C. Peoor.

DYSPEPSIA

"My wife suffered for many years from Nervous Dyspepsia, Sick Headache, Sleeplessness and Nervous Debility," writes John Kelloes, Philadelphia. "We tried many physicians and numerous remedies, but with no results, until I heard of Johnson's Dyspepsia Cure. We bought six boxes, and the results far surpassed our expectations. She now eats and sleeps well, is gaining in flesh, and her color, which had got to be yellow and sickly, is now as fresh as when we were first married, and I tell her that Johnson's Dyspepsia Cure has made her ten years younger."

AN ARREST MADE

Another Man Locked Up For Complicity in the Assassination of William Goebel.

WARRANTS ISSUED FOR FOUR OTHERS

All Five of the People Charged With Complicity Are Prominent in Kentucky's Official Circles.

Secretary of State and an Ex-Secretary of State, a Brother of the Former Auditor's Office Clerk and a Policeman.

Frankfort, Ky., March 10.—W. H. Coulton, a clerk in the office of State Auditor Sweeney, was arrested and placed in jail, charged with complicity in the murder of the late William Goebel. The arrest was made by Chief of Police Williams.

Warrants have also been issued for the arrest of Secretary of State Caleb Powers and Capt. John W. Davis, policeman of the state capitol square, but have not been served. The warrants also charge them with being accessory to the Goebel assassination and warrants against ex-Secretary of State Charles Finley and John L Powers, brother of Secretary of State Powers, have been sworn out and have been sent to Whitley county for service.

Several witnesses who testified at the trial of Harland Whittuker, Tuesday, swore that the shots at the time of the Goebel assassination were fired from the direction of Powers' office and he and all the parties for whom the warrants were issued have been under the strictest surveillance since the assassination.

Capt. Davis was an appointee of Gov. Bradley during the four years of his administration, and was continued under Gov. Taylor. He also kept a boarding house.

Ex-Secretary of State Finley was one of the promoters of the mass meeting of 1,000 mountain men held in front of the state capitol, January 25. He served as secretary of state during the four years of which Gov. Bradley served as governor. It is said he was not in the city the day of the assassination, but left the day before

Coulton, the only one arrested so far, was placed in a cell and not allowed to talk to any one. The other arrests will be made as soon as possible.

The warrant on which Coulton was arrested and those for the arrest of the two Powers, Finley and Davis have been ordered were based on an affidavit made by Thos. B. Cromwell, a Lexington newspaper man, before County Judge Moore. Cromwell has been assisting the detectives in hunting down the ease, and it is said that acting under the directions from Col. T. C. Campbell and Commonwealth's Attorney Franklin, he spent several days in Hardin, Bell, Whitley and Knox counties, where, it is alleged, the evidence against the parties arrested was secured. The swearing out of warrants and arrest of Coulton, though they had been hinted at for several weeks, caused a great excitement.

WHEELER'S POSITION.

He Is Still in the Volunteer Service, His Resignation Never Having Been Received.

Washington, March 10.—The statement attributed to Gen. Joe Wheeler in a recent interview in San Francisco, that he tendered his resignation as an officer of the volunteer army last November, has caused some surprise among the officials of the war department. It is said by these that if Gen. Wheeler has tendered his resignation, the document has not yet reached the adjutant general's office. According to the records of the war department, Gen. Wheeler is still an officer of the volunteer army and is in receipt of the pay and allowances of a brigadier general.

In case he desires to quit the military service to resume his legislative duties, the matter will be considered by the president after a personal conference with him. It is said at the war department that Gen. Wheeler was ordered home from the Philippines at his own request, as reported to the department by Gen. Otis.

It Was Not the Plague.

San Francisco, March 10.—Federal Quarantine Officer Kinyoun reported to the board of health that the pigs, rats and other animals inoculated with germs taken from the glands of the Chinaman who died the other day of what was at first supposed to be bubonic plague, showed no signs of having the black fever, and therefore the board recommends that the quarantine placed on Chinatown as a precautionary measure against the spread of the disease be removed.

Young Desperado Killed.

Albuquerque, N. M., March 10.—Samuel Sandoval, a young desperado, was killed and several citizens were wounded in a battle at the town of Atarique, which followed an attempt to arrest Sandoval and Juan Mestas, who had been "shooting up the town." Mestas was captured.

Joseph P. Ryan Dead.

New York, March 10.—Joseph P. Ryan, secretary of the Irish National Federation of America, died at his home in this city. He was the originator of the famous Hoffman house Irish parliamentary fund, which was the means of raising thousands of dollars for the Irish cause.

INDIAN UPRISING.

Mexican Troops Unable to Suppress the Outbreak in the State of Sonora, Mexico.

Austin, Tex., March 10.—Advices from Ortiz, state of Sonora, Mexico, are that the Indians have continued their depredations to an alarming extent during the past week, having ransacked a great stretch of territory and done no little damage to several hamlets along the road between Potam and Torin. The Mexican troops do not seem to be able to cope with the situation at the present writing, and it is manifest that more men will be needed to effectually suppress the uprising.

The Indians, who were all banded together about ten days ago for the purpose, presumably, of making an attack upon the main forces of the Mexicans near Torin, have again dispersed into roving bands of some 200 or 300 each, and in this manner they are covering a great range of territory and doing more damage in the way of marauding movements. It is evident, however, that they are in constant communication with one another both by "runners" and by signal fires, as almost every night signal fires are flashed from the mountains, indicating the temporary camp of some of the Indians.

Owing to the unsettled and extremely wild country in this neighborhood, however, the Mexican troops do not anticipate more to the location in the night, and, for that matter, they find great difficulty in leaving the road during the day, owing to the acres of prickly pear and chaparral through which they have to wade and which seriously interfere with their progress. The Mexican troops are very suspicious of the Indians laying traps to massacre the entire force.

VICTIMS OF THE MINE.

Twenty-Eight Dead Bodies Have So Far Been Recovered From the Red Ash Colliery.

Thurmond, W. Va., March 10.—The total number of those taken from the Red Ash coal mine, where the terrific explosion took place Tuesday morning, is thirty-one. Of these, Wm. Robinson, Elisha Bruce and a boy named Tom, all colored, are living and will probably get well. They were found near the mouth of the drift very soon after the explosion. The dead taken out up to this time are John Day, Wm. Day, Matt Quarles, Jas. Washington, Jns. Hackney, Sam Jackson, Chas. Fouts, Simon Fitts, Nevill Ramsey, Eddie Hamrick, Volley Agey John Stone, Robt. Ball, Smith Franklin, Hollister Nesbit, Isaac Morris, Novella Dews, Lew Dodson, C. C. Stewart, Chas. Downey, Walter Dennis, Peter Chappell and six others who were found in such a state of decomposition that they have not yet been identified. This makes the total number of dead taken out 28, those who will recover three and the number still thought to be in the mine about 20.

The body taken out supposed to be that of Chas. Downey was found to be C. C. Stewart, Downey's body being recovered later. Six others were found, but were so badly decomposed that they have not yet been recognized. The bodies now being found are so offensive that it makes work in the mine very disagreeable and renders necessary the use of large quantities of carbolic acid, ammonia and other disinfectants. Dr. Montgomery, the coroner, and C. W. Dillon, prosecuting attorney, came here to hold the inquest as required by law, but adjourned the hearing until next Tuesday, when it is hoped the work of removing the bodies will have been completed.

Incendiarism Suspected.

Chicago, March 10.—From evidence collected it is believed that the destruction by fire Thursday night of the Second Presbyterian church and the burning a few weeks ago of the Trinity Methodist church were the work of an incendiary crank. Both fires started in the organ loft, where it was almost impossible to reach the flames. Rev. W. E. McClellan, pastor of Trinity church, received a postal card bearing the following message: "God does not care any more for churches than he does for barns, or he would not let them burn up." An effort will be made to find the writer.

Ex-Congressman Davis Is Blind.

Junction City, Kan., March 10.—Ex-Congressman Jerry Davis, of the Fifth Kansas district, has gone totally blind. He was one of the founders of the populist party, and served two terms in congress from the Fifth district. Four years ago he retired from the political arena, and ever since had devoted his time to writing, mostly for Kansas populist papers.

Hanged In Public.

Beaumont, Tex., March 10.—Anthony Hopkins was hanged here in the presence of 5,000 people, who took up a collection of $100 for his mother and sent it with his remains to her in Waco. In 1896 Hopkins killed Paul Hurst, for which crime he was tried and acquitted. Soon after that Hopkins killed his wife and for this crime he was hanged.

Naval Hospital Ship Arrives.

San Francisco, March 10.—The naval hospital ship Solace, Capt. Dunlap, arrived here from Manila with 33 officers and 17 seamen. Lieut. J. C Gilmore, who endured such hard ship while in captivity among the Filipinos, is a passenger.

Helped Erect His Own Gallows.

Pensacola, Fla., March 10.—Wymar King, a Negro, was executed here for the murder of his sweetheart, Victoria Watkins. King helped erect the gallows, and when the work was finished jokingly suggested that an other Negro be put on first as a test

BRITISH ADVANCE

Gen. Clements Now Occupies Norvals Pont and Gen. Gatacre Occupies Burghersdorp.

FRENCH 10 MILES FROM POPLAR GROVE

He Reports That His Front is Clear of the Boers Who Are Badly Disorganized at Present.

It Is Thought That the Further Progress of the British to Bloemfontein Will Not Be Opposed—Mafeking Still Beleaguered.

London, March 10.—The war office has issued the following dispatch from Lord Roberts:

"Clements has occupied Norval's point and the adjacent drift. As soon as the engineers, pontoon and troops arrive he will cross the river, when the necessary repairs to the railway bridge will be commenced.

"Gatacre occupied Burghersdorp on March 7 and was greeted with great enthusiasm on the part of the loyal inhabitants. His scouts report that large numbers of the rebels in the neighborhood are anxious to surrender."

NEARING AN END.

British Officials in London Seem to Think That the Boer Power Is Rapidly Collapsing.

London, March 10.—Sir Michael Hicks-Beach, chancellor of the exchequer, when explaining to the bankers the terms of the new loan, gave them an intimation that the government considered the end of the war near. "Since the estimates were prepared," he said, "events have taken place that have changed the situation and probably not all the money will be required."

Whatever the government may know or intend, unofficial opinion seems everywhere to think that the Boer power is collapsing. The eighth division has been under orders to embark for several weeks, but these orders, as far as the military contingent is concerned, have been recalled. Lord Roberts having reported that no more artillery from home is necessary. This is the first pause in reinforcements since the war began. Sir Redvers Buller, second in command in the field, and Lord Wolseley are understood as to consider that no more artillery is needed. Lord Roberts has altogether 452 guns.

It is quite clear that Gen. Buller will not try anything large in the future, as he is to lose Sir Charles Warren and the latter's 10,000 men, who have been ordered to join Lord Roberts. It is the expectation of the war office that Lord Roberts, notwithstanding the accessity of garrisoning his depots, will be able to operate a constantly increasing force until by the time the Transvaal frontier is reached he will have 70,000 troops. His telegrams dealing with non-essentials are taken to mean that he is up to some mischief, as his apparent inactivity usually spells uncommon activity.

Mafeking as a beleaguered town attracts much sentiment and sympathy Nothing has been heard from there since February 19. There is a rumor that Col. Baden-Powell has been relieved, but this can not be traced to any substantial basis.

English Forces Not Opposed.

Poplar Grove, Orange Free State, March 9.—Gen. French, who is ten miles ahead, reports that his front is clear of the Boers. All other reports tend to confirm the state of disorganization of the Boer forces, Transvaal as well as Free State. The general impression is that the further progress of the British to Bloemfontein will not be opposed.

MARCH CAME IN LIKE A LION—WILL IT GO OUT LIKE A LAMB?

PENSION BILLS PASSED.

Ninety-Seven Enacted Into Laws By the House Sitting as a Committee of the Whole.

Washington, March 10.—The first day pension session of the house provided for under the new rule proved a great success. There was comparatively little friction, and 97 bills were favorably acted upon in the committee of the whole and subsequently passed by the house. The only incident of the session was a brisk exchange between Mr. Loud, of California, and Mr. Sulloway, of New Hampshire, on the general policy of special pension legislation, in which the former attacked and the latter defended the system.

Mr. Loud delivered some general remarks in criticism of the policy of passing private pension bills. He said that 95 per cent of the special bills passed by congress never should have been favorably considered. All of them, he said, had been rejected by the pension office after the claimants had exhausted every effort to re-establish their claims. He knew it was unpopular to say these things, but, he said, no man ever made a mistake by pursuing the right. Of the million and a quarter old soldiers and widows of old soldiers who survived the war, almost a million were on the pension roll. Mr. Loud warned members that if things went on as they were going during the life of the direct descendants of the youngest member of the house, congress would still be legislating for the pensioners of the civil war. It might be surprising to some members to know, but it was nevertheless true that congress was still legislating for claims arising out of the revolutionary war. Mr. Loud said he had never objected to a meritorious case.

Mr. Sulloway, chairman of the committee on invalid pensions, replied to Mr. Loud. He said he gloried in the fact that his country had done more than others for the care of those who defended the flag. While a single old soldier was hungry and cold, his body wracked with physical pain and his mind with mental agony, he prayed to God that the pension roll would increase.

Ninety-seven bills were passed by the house, including one to pension the widow of Gen. Moses N. Bane, of the 50th Illinois, at $12 a month, and one to pension Sarah Campbell, widow of the late Gen. Charles T. Campbell, who was a member of the 47th, 48th and 49th congresses, at $50 a month.

At 4:55 p. m. the house adjourned.

HIS LIFE'S JOURNEY ENDED.

Hon. E. J. Phelps, Ex-Minister to England, Dies at His Residence in New Haven, Ct.

New Haven, Ct., March 10.—Hon. E. J. Phelps, former minister to England, died at his home in this city late Friday afternoon, after an illness of about two months. The end was peaceful, and for several hours before he passed away he was unconscious. There were present at the bedside the wife and son, Charles Phelps, of Boston, and daughter, Mrs. Horatio Loomis, of New York, and his physician.

Though Prof. Phelps recovered from the pneumonia attack, he was so weakened that he was unable to regain vitality. It had been hoped that he might recover until a few days ago, when it was apparent that his strength had so failed that it was but a matter of hours when death would come.

The funeral services will be held from Battell chapel, Sunday at 3 p. m. The remains will be taken to Burlington, Vt., for interment.

Washington, March 10.—Chief Wilkie, of the treasury secret service, was notified of the arrest in Philadelphia of Edward E. Price, 50 cents. J. Jas. Wood & Son.

Judge Cantrill in the Circuit Court at Versailles overruled the motion for a new trial for James C. Graves, the horseman, who was convicted of manslaughter and sentenced to five years in the Penitentiary for killing Charles Cassiday. Graves will take his case to the Court of Appeals.

An item is going the rounds about a girl dying from tight lacing. A Missouri Editor commenting upon the fact says: "The corset should be done away with, and if the girl cannot live without being squeezed, we suppose men can befound who will sacrifice themselves. We would rather devote three hours a day without a farthing of pay than to see the girls dying off in this manner. Office hours most any old time."

The first sitting of the Court of Appeals since the adjournment of that body ten days ago will be held today, when a number of opinions will be handed down.

Dan Mitchell of Carlisle bought at Owingsville for Hudson Bros. of Louisville, a five-year-old brown gelding for $125, a six-year-old bay gelding for $95, and of an eight-year-old bay one for $125.

While John Griffith's company was playing "The Three Musketeers" at Masillion, O., this week, two telegrams brought joy and sorrow to the company. One announced that Mr. Griffith's father had died in Texas, and the other told of Miss Bertrand, the leading lady, being awarded $5,000 damages for being injured in an ungnarded elevator shaft.

Officers of the Grand Lodge of the Ancient Order of United Workmen met at the Grand Recorder's office in Louisville Thursday to arrange for winning for the second time a Supreme Lodge prize of $2,000 for gaining one thousand new members on or before May 31st. Complete arrangements for the work were made. The greatest enthusiasm was manifested, and it is expected that the Supreme Representatives will go to the Supreme Lodge meeting at Sioux Falls, S. D., in June with the prize won.

An Honest Medicine For La Grippe.

George W. Waitt, of south Gardiner, Me., says: "I have had the worst cough, cold, chills and grip and have taken lots of trash of no account but profit to the vendor. Chamberlain's Cough Remedy is the only thing that has done any good whatever. I have used one bottle of it and the chills, cold and grip have all left me. I congratulate the manufacturers of an honest medicine." For sale by J. Jas. Wood & Son.

"THE LIMITED MAIL."

Elmer E. Vance's well-known drama, "The Limited Mail," has been known to the public for ten years. The mechanical devices that Mr. Vance employs to thrill his audience go straight to the mark. His company is headed by the clever little woman known as Beatrice, who plays the irrepressible Jim Harland with great spirit and between Acts I. and II. performs a number of acrobatic feats that represent the first rank of merit and originality. Will F. McNulty is a typical and therefore amusing stage tramp. Harry Laurance gets many a spontaneous laugh out of his Barney O'Reagan, the section boss, and Olive Lane impersonates with noteworthy skill and versatility the characters of Nancy Harland and Miss Placer. The cast of the east is of high standing and in all a very agreeable performance is given. The piece will be seen at Washington Opera-house to-night. Seats on sale at Nelson's.

DR. BELL'S PINE TAR HONEY CURES COUGHS

Nature's MOST Natural Remedy

Improved by Science to a PLEASANT, PERMANENT, POSITIVE CURE

For Coughs, Colds, and all Inflamed Surfaces of the Lungs and Bronchial Tubes,

Dr. BELL'S PINE-TAR-HONEY

The sore, weary cough-worn lungs are exhilarated, the microbe bearing mucus is cut out, the cause of that tickling is removed, and the inflamed membranes are healed and soothed so that there is no inclination to cough.

A COLD! A COUGH! CONSUMPTION!

My little daughter has been subject to severe colds and croup, and often taken with violent coughing spells at night. Dr Bell's Pine-Tar-Honey is the only preparation I have found that will relieve her. I think it is necessary in the household.—S. L. Jasper, Louisville, Ky.

I have been seriously affected for twenty-five years with a cough and pains in my sides and breast that were causing me a miserable life. I spent hundreds of dollars with doctors and for medicine, but everything failed until I used Dr. Bell's Pine-Tar-Honey. It beats the world, and has saved my life. I recommend Dr. Bell's Pine-Tar-Honey to everybody with weak lungs. It is a great success.—J. B. Rossell, Graniteburg, Ill.

I have sold Pine-Tar-Honey for one year. Find it a splendid remedy and good seller. Sold five bottles to Miss Stella Howell, of this place, who was considered to have consumption. She is now in good health.—J. T. Gilham, Druggist, Graniteburg, Ill.

BEWARE!

In buying Dr. Bell's Pine-Tar Honey you get 25 big a bottle and more doses for 25c than you do of any other, but the druggist's profit is less.

Therefore some druggists are persuading their customers to buy that which to them means greater profit. DON'T YOU DO IT. DEMAND

DR. BELL'S PINE-TAR-HONEY
